

# \$790,000 Awarded to 20 Organizations

The Conservation Alliance is pleased to fund the following organizations to support their efforts to protect wild lands and waterways for their habitat and recreation values. These grants are made possible by 190 outdoor businesses who care passionately about protecting wild places for future generations. Each of these businesses is a member of The Conservation Alliance, and plays a critical role in determining which organizations receive funding. Thank you to all of our members for protecting wild places across North America.
